THE ONE TEAM OF THE LEAGUE.

The fans of this city are, and have a great right to be, proud of the team that represents this city in the Ohio State League race. The team is one of the best if not the best that ever represented this city in any league of organized baseball. One old-time fan has even gone so far as to compare them to the crack old Mayville Regulators who, in the late 'nineties, trimmed some of the leading teams of the country, such as the Cincinnati Reds and the Washington Senators of the National and American League respectively. He also says that he is willing to wager a little bit that "our boys" could show the big leaguers a few stunts at the present time and think that an exhibition game would go good with the fans, as it has been several years since a team of big league caliber has played in this city.

If the team keeps the present rate of speed in the race for the pennant, nothing in the Ohio State League can stop them as the last trip away from home shows, when the team won five and lost two and tied one game. This is a record to be proud of and it also makes the fans of the other cities a "wee bit" leary of the chances of their teams of winning the pennant, for as sure as there is a team in the Ohio State League, "our boys" are going to give some one a hot time landing the pennant.

MRS. SARAH DRYDEN.

Mrs. Sarah Dryden, of Sandy Springs, aged 65, died at her home Wednesday morning.

She was a member of the Presbyterian church and lived a consistent Christian life. She is survived by her husband and three children, Mrs. Minor Foster and Mrs. Fannie Pitts, of Sandy Springs, and H. V. Dryden, of East Second street, Sixth Ward, besides a host of friends and relatives. She was buried in the Sandy Springs cemetery Friday.

CUT THE WEEDS.

A few Council meetings ago a motion was made and carried to cut down the weeds along the principal streets of this city. This was done in front of one of the honorable member's place of business, then for some reason the good work stopped. The residents of the East End are thinking very seriously of pitching in and buying a mowing machine and harvest their crop. They are sure that the proceeds will do more than pay expenses.

Look up our advertisements, as we will offer you some nice farms from day to day.

MASON COUNTY FISCAL COURT MEETS IN SPECIAL SESSION.

A special session of the Mason County Fiscal Court was held yesterday afternoon for the consideration of road improvement and bridges.

The road specifications were not ready and the letting of contracts was postponed until Saturday, August 28, at 10 o'clock a. m.

The following are the bids on the bridges and retaining walls:

The Sam T. Farrow Construction Company, \$4,231.

E. K. Newell & Company, \$4,692.92.

Bell Construction Company, \$5,542.

Champion Bridge Company, bid on the steel alone, \$920.

Butler-Tyler Company, \$5,490.50.

Gardner Brothers, \$5,304.

Claude E. Harris, \$4,515.93.

It developed when it came to looking up the bids separately that the Sam T. Farrow bid was \$4,431; that the E. K. Newell & Company's bid was \$4,197.83; it was the lowest bid, but there was no certified check accompanying the bid, but the court permitted the E. K. Newell & Company to go out and get a certified check and when Mr. Ireland returned with the certified check, a call of the magistrates was ordered. All magistrates voted for the E. K. Newell & Company and they received the contract.

Mr. Geoffrey Morgan, of the State Agricultural Department, spoke in behalf of the Farm Demonstrator. He incidentally mentioned Christian county was giving \$1,800 per year and expenses and that Mr. Alex M. Casey might be considered for the position.

Mr. Casey can have Mason county at his old salary if he will accept.

RENDERED CONCERT.

The Aberdeen Brass Band, which was chartered to play at the Loyalty Day exercises of the Maysville Baseball Club, serenaded several of the business firms of the city before and after the game. The Ledger happened to be one of the lucky firms, and we certainly did appreciate the fine music rendered. It seems a shame that our smaller sister city should have such a splendid musical organization while we have to be contented with a few of the members of the Presbyterian church. It is hoped that the plans for a Maysville band will mature and that this city will have a band that is worthy of the reputation gained throughout the country by the old Maysville Band of years ago.

LEXINGTON PLAYERS WELL KNOWN IN THIS CITY.

The fans of this city, especially the younger ones, were quick to recognize the pair of Cynthia boys that are playing on the Lexington Ohio State League team. Charlie Rorer and Herbert McClelland, who have been to this city numerous times on different teams turned out by the Cynthia High School. Rorer was especially remembered as the lad that made nine touchdowns in a game of football between the Maysville and Cynthia High Schools, while McClelland has played in this city as a member of the Champion C. H. S. basketball team. When they made their appearance on the diamond yesterday they were greeted by loud applause.

NO LACK OF INTEREST

IN DAILY BULLETIN-PUBLIC LEDGER'S CONTEST—SPECIAL OFFER CLOSES TODAY—AWARDS ATTRACT WIDESPREAD ATTENTION AND AROUSE CANDIDATES.

Twenty Grand Prizes To Be Awarded—Popular Young Women Continue To Pile Up Free Votes In Grandest and Most Liberal Contest Ever Conducted By Any Newspaper In Kentucky.

In presenting the standing of the candidates in the greatest popularity contest ever conducted by any newspaper, it will be interesting alike to patrons and candidates to note that many changes have been made in the relative positions of many of the candidates.

The well-laid plans and the energetic campaigns of some of the candidates are bringing good fruit, and the vote cast is a good indication that all can do as well. In every community there is a golden opportunity for some energetic young women to enter the contest with enthusiasm and win the honor of being awarded a valuable prize.

There are many ways in which the candidate can secure the aid of friends, principal of which is personal call upon them. The leaders in the campaign for votes have many of their friends aiding and assisting them in many ways. Each person has a circle of friends who are always glad to render any aid, and by enlisting the co-operation of a large number of persons in such a campaign that circle or sphere of the influence of the candidate is increased and this is what gives the candidate a backing that can be depended upon for many votes.

Yesterday was the banner day of the contest up to date. This is the record of four weeks. Not half bad for the short length of time the contest has been in operation. Votes coming in more rapidly daily, and from now on the Daily Bulletin-Public Ledger contest will be the absorbing topic of conversation in Maysville and surrounding country.

Interest Growing.

The contest is certainly gaining ground day by day and no one can anticipate what height the good-natured tug-of-war will attain. Certain it is that 50 per cent of the people of Maysville and surrounding country are directly interested in the contest and before another week has elapsed the other 40 per cent will be into the contest as deeply as the candidates and their friends are today.

A great number of popular young women who are putting in leisure days in securing subscriptions and gathering vote coupons from the Daily Bulletin and Public Ledger are going to be satisfied with nothing less than one of the five-passenger touring cars. The contest way is an easy and quick way of securing a prize of this value or any of other of the twenty prizes.

Friends who subscribe for the paper for a term are really not donating anything from their pockets, since they subscribe to the Daily Bulletin and Public Ledger which will be sent to any address to which the subscription is paid. The Daily Bulletin-Public Ledger will not only maintain its present standard of a clean and newsy reliable family newspaper, but will go on improving its columns and so far as possible perfecting its delivery of service so that there will be no regrets at having subscribed to help some deserving contestant.

Important Information Regarding Special Offer.

Sixty months new and old business for the Daily Bulletin and Public Ledger will entitle you to 100,000 extra votes. Each and every month over the sixty you may be able to secure, will entitle you to the proper proportion of another 100,000, in other words, the larger the number of new months, the larger your special offer will be.

Closing of Special Offer.

The special offer for new subscriptions made to all contestants closes Saturday, August 14, at 9 p. m. In order to have subscriptions count on this special offer, all subscriptions must be received at the Campaign Department by this hour. In order to give to the ladies outside the city the same amount of time to work as those in the city, the management will accept all subscriptions that are mailed before 9 p. m., Saturday evening, but the envelope or package in which these subscriptions are sent must bear the postmark of the date and hour mailed.

Industrious Forge Ahead.

The list of candidates and the number of votes received by each show that the industrious are forging ahead in the battle of ballots. The votes are free, but in many cases it is necessary for the candidates to go among their friends and gather them in.

Future Orders.

In some cases contestants will find that prospective subscribers are now paid in advance for some other paper and do not desire to have two papers.

When Votes Are Counted.

All votes received up to 12 o'clock on Monday, Wednesday and Friday will be published in the issues of the Daily Bulletin-Public Ledger the following day.

Open Evenings.

For the benefit of those who are not able to come to the office during the business hours, the Contest Department will be open every evening until 8 o'clock.

James S. Shaw left for Cleveland, O., Thursday after spending his vacation with his parents, on Houston avenue. On his way he will stop at Cedar Point, O., for a few days. James is one of our sterling young men and is sure of success. He was carrier for The Ledger during his school days.

MAYOR VETOES CITY BOOK PROBE

Mayor J. Wesley Lee vetoed the order of the General Claims and Accounts committee who ordered an investigation of the city books at the last meeting of Council. This comes as quite a shock to the committee, and no doubt will put a stop to the work for the time being. That the books need auditing is not doubted by any one and the Mayor's action was a surprise to all. Two expert accountants from Cincinnati were here and after glancing over the books, one of them remarked:

"Gentlemen, I will keep the books of the city for three years for nothing if you will let me use the present system, and at the end of the three years I will retire for life."

Evidently the books don't need auditing!

RUNAWAY GIVEN NINE LONG MONTHS.

Tom Brewer, arrested Thursday afternoon by Constable James McNamara on the charge of escaping a prison guard, was tried before Squire Fred W. Bauer Friday afternoon and the Squire handed the runaway nine long, dreary months of hard labor on the county roads.

The special train that the C. & O. was to have run to the Vanceburg Fair has been annulled.

CUTTING SCRAPE AT SILVER GROVE.

Friday night two negroes in the C. & O. shops at Silver Grove got into a cutting scrape and one of them was rather seriously carved up. The other negro caught an eastbound C. & O. freight train and although all up the river towns were notified, he has not been apprehended.

The Central Hotel Company is having erected fire escapes on their building. One of the escapes will be in front and one in the rear of the building, and when completed they will have as safe a hotel as there is in the state.

HOW AFRICA GETS NEWS.

London.—A British explorer, now in Bangui, French Africa, sends an account of the manner in which the latest news from the European war theaters reaches him in the heart of the dark continent.

"Although we are 6,000 miles away, we receive daily reports of the progress of the battles in Europe, and can follow the progress of events through the French, English, Russian and German official communications. For the small sum of a dollar a month the wireless telegrams of the Hacas agency are distributed to subscribers half an hour after their reception.

The worst famines of modern times were the famine in Ireland in 1846-7, in which 1,000,000 people perished; the Indian famine in 1866, which claimed 1,450,000 victims; the Indian famine in 1877, in which 500,000 people perished, and the great famine in China in 1878, in which 5,500,000 died.

CORNWALL AND ENGLAND'S BATTLESHIPS.

Washington, August 13.—The quaint delightful coast country of Cornwall, a favored haunt of peace and quietness, yet where some of the most important English naval stations are now feverish with plans and preparation, is described for the National Geographical Society by Florence Craig Albrecht. At points along this coast, England holds concentrated great battle fleets. Here, west of Land's End, are the Scilly Islands, and, beyond Cornwall, further up the Channel, lies Plymouth, military harbor and great naval base. The charm of this old-fashioned, picturesque land of fisher-folk and peasants is told by Mrs. Albrecht, who explored its coast before war clouds recalled a martial stir to Cornwall, for the Society in the following bulletin:

"Here are rock and headland and cliff, now green, now golden with gorse, now bare and rugged; inlet bay and harbor, with here and there an isolated house, a tiny village, a pretentious town, a great port. An unfriendly coast? Yes, with heavy seas and winds, with thick sea-fogs—a dangerous one; rocks ever ready to tear holes in the stoutest vessel, currents ever ready to drive them on. But a picturesque coast; a wonderfully beautiful coast, both upon summer days and in winter storms; a coast with many harbors, none too easy of

entrance by reason of rocks and tides, and many impossible for any but the smallest craft."

There are splendid memories remaining to all of these ports, the writer says, for too many fleets have sailed up and down the Channel since history began not to have visited all these places with the task of making history. Fishing fleets have kept the foreground of the picture through latter years, Mrs. Albrecht continues, but signs of war preparation have never been absent from Cornwall's waters and huge squadrons of grim, gray men-of-war have regularly come and gone and gathered here. The writer tells of "Penzance, the sunny, pleasure-loving little sea city where the most picturesque of pirate types originated; of Marazion, the old, which, according to Cornish history, was an important city visited by Phoenician merchants in the days of Ezekiel the prophet; of Fowey, once one of the greatest seaports of the land, which sent scores of boats to the crusades, to the siege of Calais, to the plundering of Normandy, a one-time war-like city, whose glory has long since faded. Fowey, Mrs. Albrecht says:

"Sent more than two-score men-of-war to Calais—770 men. How pitifully small are the figures today, when one modern battleship requires a larger crew than did that fleet 450 years ago. No fifty ships of modern type could find place in Fowey harbor today, but

for smaller craft—submarines, destroyers—it affords admirable shelter."

"To the eastward of Fowey is Polperro, the most picturesque of the most unspoiled of Cornish fishing ports, retaining all its ancient dignity of life and labor unfettered by summer villas now beginning to crowd the cliffs above its head. Polperro's chief catch is mackerel, crabs and conger. There are few, if any, conger-eel in American waters; they are to some people a most unpleasant-looking fish. Cornwall esteems them highly and makes them into pie with much cream and parsley."

Cornwall, Mrs. Albrecht explains, makes any number of things into pie and calls the product invariably "squab pie," though all things but squabs are among the materials. "Squab pie" gave rise to the following Cornish story repeated by the writer:

"The devil came one day to the banks of the Tamar, the rippling river that divides Devon and Cornwall, and looked over at the rock land beyond. His majesty considered, the swift current and shook his head. 'No,' he said finally, 'No, that's no place for me. Every one who goes there is turned into a saint and everything else into squab pie. I'm fit for neither one nor the other.' And he stayed in Devon."

Albrecht, has never allowed her growing commerce interfere with her position as a fortress of the first class and naval arsenal. Portsmouth, considerably further east upon this coast, is also a strong fortress and an important garrison town, and its great dockyards and repairing docks, the writer adds, are likely over-busy now in the work of "keeping the sea that is the wall of England."

PREPARE FOR PEACE.

Paris, August 11.—What purports to be the text of a confidential memorandum sent to the Imperial German chancellor, Dr. Von Bethmann-Hollweg, on May 20, by representative of German manufacturing and agricultural associations is published by the Temps. The memorandum covers financial, territorial, industrial and military concessions to be demanded of the entente allies as Germany's terms of peace and to insure the development of a greater Germany, to perfect an organization intended to work for a reunited nation.

Empress Eugenie is the richest ex-royal personage in Europe and a very capable business woman. The property which she rescued from the debacle of 1870 has been carefully husbanded by her, and her investments have always turned out well.

The introduction of electricity for power in the South African gold mines has reduced the amount of tuberculosis among the miners.

THINGS WISE AND OTHERWISE.

(By T. J. Currey.)

In the Times-Star, we see that William Byar, engineer in charge of county road improvement from the Pendleton county line to Ross, makes the following report to the Campbell County Fiscal Court on Tuesday:

He says that about four miles have been completed at a cost of about \$5,000 per mile. The greatest surprise encountered is the depth necessary in many places to secure a solid foundation. As deep as ten feet has been found necessary in some locations. He states that a twelve-ton roller passing over the new roadway scarcely makes a mark as it passes over the improvement.

Three things are worthy of notice in the report of Engineer Sternbel: First, the cost is only \$5,000 per mile. This is quite low. When Mason county was talking and voting on the proposed bond issue it was thought \$10,000 per mile a low estimate. We would like to know if this includes bridges and culverts. We believe the estimates for Mason county have always been too high. It will do well to keep an eye on Campbell county.

The second matter in that report is the depth gauge for a good foundation. Some places ten feet. Has it ever been necessary to go ten feet in Mason county to get a good foundation? Did we ever go ten feet in Mason county for a road foundation?

This foundation business sounds pretty good. It looks as though Campbell county is building her road to stay. Then the cost only \$5,000 per mile with such a foundation. We believe it is not necessary in Mason county to go ten feet for a foundation, and thus if it cost \$5,000 per mile to build a good road in Campbell county it will cost less in Mason county.

The third and last feature in this report is that a twelve-ton roller scarcely makes a mark. We have few twelve-ton loads hauled on Mason county pikes. If Campbell county can build such a road we do not see why Mason county can't do the same. Our roads are needing attention and a depleted treasury meets their cry for aid.

Mr. Voter, Mr. Taxpayer, read up on the good roads proposition. It will come again and it needs a sensible solution, not a biased or prejudiced mind to answer the question.

A bill has been introduced in the Kansas Legislature which provides that women under 45 years of age who wear earrings or treat their faces with cosmetics "for the purpose of creating a false impression" will be guilty of misdemeanors and upon conviction be subject to fines. Face powder, perfume, false hair and hair-becoming materials are among the articles women are forbidden to use.

Beware of Ointments For Catarrh That Contain Mercury. as mercury will destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the danger they will do to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. NEAR DEATH BY SMOTHERING

But Husband, With Aid of Cardui, Effects Her Deliverance.

Dr. N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, with pains in my left side, and would often almost smother to death. Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken."

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

What Marcus Loew says about "The Diamond From the Sky": "I beg to state that I attended a private performance of the pictured novel, 'The Diamond From the Sky,' and was so much impressed with it, that I have requested our Mr. Bernstein to close for it our entire circuit theaters, feeling satisfied that will be a big drawing card for our theaters."

Mr. Marcus Loew owns the largest chain of vaudeville theaters in the world and must know a big attraction when he sees one. This great serial picture is released in chapters of three acts each, with Lottie Pickford and Irving Cummings in the leading roles, and starts at the Gem theater Monday.

SPECIAL PRIVILEGE, EH?

The residents of Fifth street are rather up in the air over the fact that one of their neighbors has undertaken to build a miniature of the big lock and dam now being built above this city by the Bates-Rogers Company. The miniature is in the shape of a cement pavement that takes up about fifteen feet of a twenty-five foot street. The neighbors have dubbed the piece of architecture the "cufferdam."

SIGNS OF DANGER

That Should Be Heeded By Maysville People.

There's serious danger in neglecting any weakness of the kidneys. The warning that Nature gives should not be overlooked. If troubled by too frequent passage of the kidney secretions; burning or scalding; if the secretions are highly colored and contain sediment when left standing—if you have backache, loss, with frequent headaches and dizziness, make up your mind that your kidneys are affected and begin using some reliable kidney remedy. Deaths from kidney disease have increased in the United States alone, 72 per cent in the last 20 years. The risk is too great—you can't afford to delay. Maysville people recommend Doan's Kidney Pills. Can you ask for better proof of merit than the statement of this Maysville resident?

W. F. Lynch, 127 West Third St., Maysville, says: "My kidneys were weak and the passages of the kidney secretions were scanty and painful. Having used Doan's Kidney Pills before, I again got a box and they quickly restored my kidneys to a normal condition." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lynch had. Foster-Milburn Co., Props., Buffalo, N. Y.

COLONELS RIDE COLTS

MAYSVILLE TRIMS LEXINGTON IN FAST GAME IN WHICH HENDERSON'S HITTING FEATURED—COLONELS ONLY HALF GAME FROM FIRST PLACE.

Before a crowd of a thousand frenzied fans Josh Devore's gang of pennant-hope wreckers trimmed the fast Lexington Colts to the tune of 7 to 0. The game was full of sensational plays, among which the team work of the locals, especially the infield, was a headliner. NOTES OF THE GAME.

Henderson is sure poing the pill these days. He got two doubles Friday. Winnie French allowed the Colts four lonesome hits. Some pitching. If the Colonels win today and Portsmouth trims the Charleston Senators, we will be at the top of the Ohio State League ladder. Here's hoping. Profit-Sharing With Retail Buyers

On August 1, 1914 we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915 we would share profits with the retail purchasers, to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars.
